2. Pre-Requisites

It is recommended to have passed previous subjects lectured by the Business Administration Department related to functional strategies in the firm (marketing, operations, human resource management, etc).

3. Justification in the curriculum, relation to other subjects and to the profession

Strategic Management is a mandatory course needed to obtain the Grade in Business Management and Administration. In this course, students will get a global perspective of companies management using a general model of strategic management that is established in three main blocks of actions: strategic analysis, strategy formulation, and strategy implementation. The understanding of these three phases of strategic management will be useful for students to analyse a firm's competitive environment and its internal resources and capabilities, in order to take decisions that allow a company to achieve a sustainable competitive advantage.

4. Degree competences achieved in this course
